

Dear FCC:

I'm told that I might lose my local transmission of K-Love radio (Christian music.)

K-Love is the only christian radio station I can get on my radio up here in Humboldt County, California. Listening to K-Love has helped me get through a lot of turmoil in my life and my children have a decent station to listen to. It helps them to establish and helps me to reinforce good morals/values. A lot of Christians in my community listen to K-Love and have benefitted from it's positive message and music.

If we lost K-Love on our local stations, a lot of people would be devastated. A lot of people would not have to opportunity to know that God loves them. A lot of people would not be able to turn on the radio and be encouraged and uplifted through life's troubles.

K-Love reaches and helps a lot of people through encouraging music, speaking the word of God, and providing prayer support.

K-Love needs to remain on local stations. Our society needs more hope and good news. People need to be able to turn on the radio and here that God loves them. People who can't go to church, such as people in convelesent homes, need to have access to K-Love.

Thank you for your attention to this extremely important matter.
